

Scottish Reminiscences - Archibald Geikie	<p style="text-align: center;">Scottish Reminiscences Archibald Geikie</p> <p>Archibald Geikie was a geologist in Scotland by profession, and a writer. While most of his writings were professional, this is a more personal book telling some of the history of Scotland, Archibald's memories, experiences and recollections there as well as stories he was told by people he met. He has a good sense of humour which shines through. - Summary by Jmbau13</p> <p>Read by volunteer readers. 16 Tracks.
